In order to help us make budget as we approach the end of the year (the growth in our financial support has not been keeping pace with the growth of our expenses), we've made a limited edition Christmas tree ornament available for purchase to our listeners. This bulb features a beaded topper handmade by Chris' mother-in-law. Each handmade beaded bulb topper

includes 8 Swarovski Crystals. We still also have a limited supply of bracelets and white PCR tee shirts available for purchase. [CLICK HERE](#) support us by ordering a Christmas bulb.
